

1 ENVIRONMENTAL POLICY

Ellgia Limited offers a total waste management and recycling service to industrial and commercial customers. We aim to maximise recycling of waste materials and avoid any disposal to landfill, through our own services and operations and the advice and support we provide to our customers. The primary objective of this policy is to minimise the environmental impact of our activities and assist our customers in minimizing the impact of their waste streams.

We develop and maintain systems and procedures to control risks to employees, the public and the environment. Collaboration is important, we work closely with suppliers and customers to achieve environmentally sound solutions for waste management, and we are committed to continual improvement of our Environmental Management System (EMS) to enhance our environmental performance.

The principles of our environmental policy are:

- To comply with all legal and regulatory compliance obligations relating to our business.
- To promote environmental awareness throughout the organisation.
- Identify the environmental implications of our activities and establish mechanisms to minimise impacts.
- Ensure that staff are trained to recognise environmental risks and how to address them.
- Maintain an effective Environmental Management System that sets out detailed procedures, regulatory compliance and minimization of environmental impact through:
 - o Preventing Pollution and fugitive emissions
 - o Increase Source Materials for Recycling
 - o Reduce energy consumption
 - o Reduce internal generated waste
 - o Recovery, Recycling and re-use waste materials wherever practicable
- Audit and review environmental performance on a regular basis and adapt processes and procedures to address any issues that arise.

2 SCOPE OF CERTIFICATION

The scope of the Environmental Management System (EMS) is:

‘Provision of bespoke waste collection and recycling services.’

This scope applies to ISO 14001:2015 at the following Ellgia sites:

- Unit 7 Lancaster Way, Ely CB6 3NW
- Winterton Rd, Scunthorpe DN15 0DH
- Padnal Sidings, Prickwillow, Ely CB7 4UJ
- Recycling Centre, Westville, Westville Rd, Frithville, Boston PE22 7HR.

3 BOUNDARIES AND APPLICABILITY

The boundary of operations is defined by plans for each of the sites. Ellgia controls all site operations apart from Boston where the site is owned and managed by others.

All clauses of ISO 14001:2015 are applicable to the scope of certification.
